

TRI-COUNTY POOL AND SPA

Company Dedicated to Excellence

FRUITLAND PARK

Tri-County Pool and Spa is a company dedicated to excellence. After more than a dozen years in business, the owner, Ray Jones, isn't changing the recipe very much.

When asked what separates Tri-County from other pool-service companies Ray Jones said the key was education. All eight employees regularly attend continuing education courses hosted by other industry professionals. Regular attendance at these events allows Tri-County to stay up to date with the newest trends and equipment.

Having a well-trained service and maintenance staff is only part of what Tri-County has to offer. Jones proudly displays two Artesian Spas Territory Dealer of the Year banners in his showroom, and it is clear to see why. Artesian Spas boasts a sleek line of hot tubs that have an impressive amount of jets and therapeutic upside while still being one of the most energy-efficient brands out there. Artesian Spas bring more power to the table for a lower cost, and a lower cost of ownership.

Tri-County Pool and Spa knows more than just hot tubs, though, and they have the customers to prove it. With six properly trained pool technicians taking care of pools every week, Tri-County has plenty of experience with a wide

variety of pool equipment and systems, and they are ready to pass this expertise along to you. Not only will they test your water for free, they will give you expert advice on anything and everything to do with your pool.

There are a lot of pool service companies out there, but Tri-County Pool and Spa brings experience and knowledge to every pool deck and backyard. Along with that experience comes the potential to save money,

something Jones is quick to pass along to his customers in the form of offering energy-efficient equipment options for replacement or water chemistry solutions that will increase the longevity of your current pool equipment.

Tri-County Pool and Spa is equipped to surpass your expectations for any pool or spa, every time. Give them a call at 352-326-0600 or stop by the store at 2468 U.S. Highway 441, Suite 404, Fruitland Park, FL.
